

Comments to Los Altos City Council

[D. Poulos, 11 June 2019]

Darwin Poulos, long-time Friends of the Los Altos Library (FOL) volunteer, and former Los Altos Library Commissioner.

FOL provides funding for a host of community services that make the Los Altos Library a unique place for Los Altos residents to visit, learn, and enjoy, i.e. children's programming, best seller collection, ongoing & 25¢ book sales, ... Without adequate place to sort donated books NONE of these services are possible. FOL would be forced to "close its doors" after 62 years.

The FOL donation room is an additional community benefit that allows residents to donate unwanted books to support the Los Altos Library. All these donated books, all 5000+ per week, would have to be redirected to some other place, and not benefit the Los Altos Library.

On 25 June you will have the opportunity to show active concern for the greater Los Altos community, or move toward reducing the quality of a unique resource for all Los Altos residents, i.e. the Los Altos Library and its programs and materials.

You have a choice!

Darwin Poulos
32-year resident of Los Altos
